## Remodel the Kitchen

Updating the [kitchen](#) is the most common way to increase a home's value, so it's one of the first places to look for clever remodeling ideas. Relocate a wall to add to your floor space. Consider taking advantage of unused central floor space by adding a [kitchen island](#) that provides extra counter space, added storage and seating for casual dining. Add a second sink to the island to enjoy a veggie prep station or hand washing station.

## Create a Family Center

In the era of open-floor plan homes with decreasing foot prints, home designs are incorporating more multifunctional rooms into their floor plans. Creative remodeling is at its best when it generates solutions to several needs within the floor space of one room.

## Give Your Home a Face Lift

With creative enhancement from our design team and lots of skill from our craftsman, we can do more than give your house a facial overhaul. We can make a high level of impact that can translate into a solid return on your investment. When it comes time to sell your house, these improvements will pay off by helping your home make a splash on the market.

## Repurpose the Attic Space

Lost spaces in attics is becoming a thing of the past with creative attic remodels. An exercise room or kids' play room can make great use of the oddly shaped attic space. Hobby rooms are also a possibility. Media rooms, outfitted with reclined seating, can be installed to enhance the viewing experience.

## Add Architectural Details

Add strategic details that can improve the appearance of the existing features in your home or complement new ones during a remodel. For a traditional styled room with an expansive ceiling consider a series of beams. They will help divide up the ceiling as well as provide a more pleasing palate for the eye to focus on. ## Capture Hidden Spaces

Turn lost space under the stairs into something special by letting us design pull out storage drawers, a pet comfort center, a kid's reading nook, a wine storage rack, a hobby exhibition space or a clever bookcase with light strips. We can even slip a tiny powder room under the stairs for added household convenience.

## Create a Scene Setting Entry Hall

Make an entrance worthy of any celebrity with a creatively designed front entry hall. Add a door with sidelights and an eyebrow window above to open up the hallway to the outdoors. Add interest and texture to the doorway with trim work and beveled and or leaded glass inserts. Add a new stairway for visual interest .

## Add a Laundry/Mud Room

There are lots of new remodeling ideas for the laundry/mudroom including a jet powered sink for taking the work out of washing delicates. Hidden pull-outs, such as a mini ironing board that slides out from under a countertop, built in hampers or a telescoping closet rod for hanging clothes, can make the laundry day easy and convenient.

## Bring In Natural Light

Replace the old window in the front with a beautiful new bay window that can serve as the focal point of your home. Add a large picture window that gives you a great view from the inside while accentuating your home from the outside. Add a complete wall of windows that will not only fill the room with an abundance of natural light but integrate the interior and exterior of your home.

## Conserve Your Floor Space

When it comes to separating spaces, doors are a necessity. However, doors also take up valuable floor space disrupting traffic flow. A barn or sliding door provides a creative remodeling solution that adds both function and architectural interest.
